

Supplier Dashboard Tutorial

Welcome to the ASI[®] team!

I wanted to share a quick tutorial on the Supplier Dashboard, which is your go-to site as an ASI supplier.

On the Supplier Dashboard login screen, use your credentials to log in.

To navigate, click My Applications toward the top right. This allows you to toggle between platforms:

With our Connect[™] program, you can download your credit report, search a distributor's credit report and pull lists of distributors based on various criteria (sales volume, location, what the distributors have been searching for, etc.):

With ESP® Updates, you can view, edit, add and remove your product listings:
