

# PROMO SPOTLIGHT: Hand Sanitizer

When you're looking for a marketing solution that will appeal to the masses, consider hand sanitizers. There's no better way to show customers you care than by adding your logo and handing out antibacterial products that can help them stay healthy. These top products will keep germs away and put your brand on display.

## A. Best-Seller

Choose this high-quality FDA-approved hand sanitizer. Add your logo to the label, and every time customers reach for the 2-oz. bottle, they'll be reminded your brand is one that cares.

## B. Handy Germ Killer

Add your logo to the sticker on this 1-oz. bottle of FDA- and MSDS-certified hand sanitizer. The clear gel is made with 75% alcohol, ensuring the bad stuff stays away and you make a lasting impression.

## C. Spray All Day

This convenient portable hand sanitizer spray is pocket-sized, making it easy for your customers to take it everywhere from the grocery store to their daily walk. Choose your product color and get full-color decal imprinting to emphasize its retail look. FDA-registered and -approved.

## D. Best of Both Worlds

Generate excitement for your brand with this hand sanitizer and SPF 15 lip balm combo. Easily attaches to bags and purses or fits in pockets, so your customers have it at a moment's notice.

## E. Made in the USA

Your customers will love these single-use, portable, 62% alcohol-based hand sanitizer gel packets. Choose white or silver packets and add your logo to give your brand a boost.

## F. Bye-Bye, Bacteria

Kick your branding efforts up a notch by customizing this hand sanitizer bottle with your company name, logo or tagline. The colorful silicone bottle holder has an easy-to-attach beaded strap so your customers can kill germs on the go.
