Roadster™

Vivid™ Vent Stick

Gadget Grips® Pearl

Clip-IT Vent Mount™

- "About every 30 SECONDS a crash will occur involving distracted drivers using cell phones and texting, including hands-free." - National Safety Council
- The National Highway Traffic Safety Administration's most current information states that 25% of all car crashes were due to drivers distracted by mobile phone use.
- Corporate America is waking up! Statistics from the National Highway Traffic Safety Administration state that on the job crashes cost employers \$24,500 per crash, \$150,000 per injury and \$3.6 million per fatality.

HandStands® PROMO is the No Phone Zone headquarters for promotional products. It is our goal to raise awareness of the dangers of distracted driving, and to help Corporate America understand the liability that comes with on the job crashes due to distracted driving.

A PORTION OF THE SALES OF ANY HANDSTANDS® PROMO PRODUCT WITH THE NO PHONE ZONE LOGO WILL BE DONATED TO FOCUS DRIVEN. These funds are used to raise awareness of the dangers of driving distracted. Art Guidelines

ACCEPTABLE ARTWORK:

1. VECTOR ART - EPS, PDF or AI (this is line art, NOT photographic art) with fonts OUTLINED (converted to paths). All spot blacks need to be converted to 100% Process Black. 2. High resolution TIFF, JPEG or PSD (300 dpi) at or above actual size. 100% Black ONLY for screen printed imprints. For 4-color process (RGB or CMYK) include at least 1/8" bleed.

ACCEPTABLE ART
Vector file (OUTLINED FONTS)
or 300 dpi art

UNACCEPTABLE ARTWORK:

We do NOT accept the following: 1. Web images or low resolution (72 dpi) images that appear jagged. 2. Artwork containing FONTS that are NOT outlined (converted to paths). 3. Your imprint already imprinted, hot stamped or embroidered. 4. Anything stapled, folded, clipped, taped or handwritten on samples.

UNACCEPTABLE ART
Web Image / 72 dpi art

ART TIPS / DETAILS:

1. Guaranteed type size is 10 pt (at ACTUAL ART SIZE). 2. Outline all fonts / convert to paths. 3. Avoid thin lines. Minimum line thickness 0.75 pt at ACTUAL SIZE. 4. Use solid spot colors. 5. Avoid halftones, screen printing turns halftones into dot patterns. 6. Do NOT forward art. Send art directly from original source. 7. Specify PMS colors when requesting a color match. If unsure, refer to UNCOATED PMS swatches. We will attempt to match all colors; however, exact matches are NOT guaranteed.

Sublimation: 1. Due to 1/8" shift in printing variance, it is best to avoid borders in artwork. 2. Avoid thin lines. Minimum line thickness for reversed out design elements / text 1.5 pt at ACTUAL SIZE.

ART CHARGES:

\$75 (V) per hour for any art creation, rebuilding or clean up. Minor typesetting (15 minutes or less) will be done at no charge. A third revision to your paper proof will result in an art charge of 1/4 hour minimum.

ART ON FILE:

HandStands® will keep art on file for a maximum of two years. A new set-up charge may be required for orders after two years.

SOFTWARE USED:

1. Adobe® Illustrator® CC 2014 & lower - File saved as vector EPS, PDF or AI.
2. Adobe® Photoshop® CC 2014 & lower - File saved as 300 dpi / JPEG, TIFF, PSD or EPS. (Saved no smaller than actual art size.) Always include bleed as noted on product pages.

(Microsoft® Word and PowerPoint® documents are **NOT ACCEPTED**).

SENDING ART:

E-MAIL | For small file sizes less than 10MB

art@HandStandsPROMO.com

Include your P.O. # in the subject line of the e-mail. **Do NOT** send actual P.O. to the art department. Please also include a JPEG file for art composition reference ONLY.

ONLINE FILE SUBMISSION | For medium file sizes over 10MB (30MB maximum)

You can directly upload art to our website: www.HandStandsPROMO.com/art-upload/

Click the link "Art Upload" (under ART) and follow the prompts.

Operation Smile

CHANGING LIVES ONE SMILE AT A TIME.

Over 20 years ago, Don Watkins, one of HandStands® founders, instantly struck a friendship with Dr. William Magee, the founder of Operation Smile. "I was interested in donating to a cause that already had the cure," said Don. "For a relatively small donation, a face can be fixed and a life changed. It seemed to me that if plastic surgeons and medical staff were willing to donate their time, that we could donate some money to fund missions."

Don has served on the state and national board of Operation Smile practically non-stop for the past 20 years, during which time HandStands® has donated enough money to repair over 10,000 faces across the world. As these donations were made, it is clear to everyone at HandStands® that these donations were made possible by the hardworking efforts of every employee.

We believe powerful impressions create success, and we know that nothing makes a more powerful impression than a smile. We are grateful that we have been able to help change the lives of so many children throughout the world. This cause gives our work a higher purpose and helps us remain grounded in what really matters most.

Operation Smile is an international medical humanitarian organization that is dedicated to raising awareness of children born with a cleft lip or cleft palate, which is a life-threatening issue and provides lasting solutions that allow children to be healed.

If you wish to join HandStands in our cause, please donate at www.OperationSmile.org/donate

The logo consists of a stylized white graphic on the left, resembling a handstand or a person's legs in a handstand position, with a small dot above it. To the right of this graphic is the text "HandStandsPROMO.com" in a clean, white, sans-serif font.
